Collecting

Since Kari Feierabend first encountered a model of the O&H RH120C from Conrad, his curiosity about large construction machines has stayed with him. Since then he has created a wonderful collection ...

As a pioneer in the development of articulated dump trucks, Volvo recently showed off its new flagship, the Volvo A40F, as a model at the Bauma. We show you what to expect from the in-house supplier, Motorart ...

Models

With the power jaw crusher from Kleemann, Mobicat MC 110 Z EVO, NZG surprised us at the Bauma; the model has much more to offer than a first look seems to indicate ...

In not one, but two configurations, Nootboom offers the new PXE Pendel 1:50 scale, as models from WSI. Carsten Bengs takes a closer look at the models to see what they offer in addition to their outstanding detailing ...

Current

60 years of Sennebogen is a jubilee that can be acted out in collectors' show cases with the Sennebogen S 500 and 8130 EQ ...

In the last installment of our diorama construction series, Markus Lindner shows us how to design a photo book script to tell a realistic story. Surprisingly, the machines are not often the main actors ...
